ABOUT INSTITUTE

Government College of Engineering, Karad is a premier institute in Western Maharashtra established in 1960 due to the efforts of Late Shri. Yashawantrao Chavan. The college is affiliated to Shivaji University, Kolhapur and is acting as a vital education center for many years.

The institute offers 5 UG programs in Civil, Mechanical, Electrical, Information Technology and Electronics & Telecommunication Engineering and also 6 PG programs in Civil (Construction Management & Structural Engg.), Mechanical (Heat Power & Production Engg.), Electrical Engineering (Power Systems) and Master of Computer Applications (MCA).

Amongst the sixteen institutes from Maharashtra state selected for participation in the third phase of Technical Education Quality Improvement Program (TEQIP-III) – an ambitious project of Government of India., Govt. College of Engineering, Karad is one of them.

KARAD CITY

Karad city is situated on the confluence of rivers Krishna and Koyna and is well connected by rail and road (NH 4). Koyana dam is about 60 kms from Karad. This place is 170 kms far from Pune and 70 kms from Kolhapur.

PROGRAMME OBJECTIVES

We are living in the exponential times that require us to prepare our students for the job. We shifted from industrial economy to knowledge economy where traditional classrooms and teaching learning methods are proving to be inadequate. In the industrial age education is about knowledge acquisition but in knowledge age institutes should become knowledge farms where knowledge is get created.

This FDP aims to provide an excellent platform for the participant to introduce synergogy that will help institutes to come up with methods for coping up with the new challenges of education.

EXPERTS

Prof. Basavaraj Hooli: M. Tech. (CS&E; IIT Bombay) Founder Director, Graceful Growth Consulting. He has 30 years of academic and industry experience. He is experienced in conducting value added programs for the staff and students of engineering colleges. His flagship programs are Synergogy: A model for knowledge creation and Igniting Engineering Minds.

PROGRAM OUTCOME

- The participant will be able to understand fundamentals of synergogy.
- They enhance the knowledge and technical skills for educating new generation engineers through the FDP.

ELIGIBILITY

Faculty members from AICTE approved Engineering and Polytechnic institutes and Industrial persons are eligible to participate. Participants are required to register in advance using the enclosed form.

COURSE CONTENTS

- 21st Century Education Challenges: Digital Natives vs. Digital Immigrants.
- Need for moving from knowledge acquisition to knowledge creation.
- Professionalism & Growth: Improving Personal Brand and Interpersonal Relationships.
